

DarkZone Torch

Part No: DZLED16W

Product Description

A rugged, portable torch designed for use in dark rooms and blasting environments. Features a waterproof, impact-resistant housing and energy-efficient LED lighting for reliable performance in industrial settings.

Technical Specifications

Parameter	Details
Torch Housing	Heavy-duty rubber/plastic
Handle	Ergonomic, insulated
Front Cover	Impact-resistant clear lens
Waterproof	Yes
Lamp Type	LED
Lamp Power	16W (replaces 90W incandescent)
Input Voltage	AC 85–265V
Lamp Life	25,000 hours
Color Temperature	3000K (Warm White) or 6500K (Cool White)
Operating Temp.	Down to -20°C
Instant Start	Flicker-free
Overcurrent Protection	Yes
Application	Dark room, blasting, inspection

Key Features

- High efficiency, over 80% energy saving
- Waterproof and impact-resistant
- Long lamp life (8x longer than incandescent)
- Reliable operation in harsh environments

Typical Applications

- Blasting rooms
- Sandblasting and painting booths
- Industrial inspection
- Dark room operations
